

Towards Multi-Core Processing in Automotive Powertrain Control

Prof. Osamah Rawashdeh Oakland University, USA

Bio

Osamah A. Rawashdeh, Ph.D., P.E. is an Associate Professor and the Academic Curriculum Coordinator in the Department of Electrical and Computer Engineering at Oakland University, Michigan. He received his BS with honors, MS, and PhD in Electrical Engineering from the University of Kentucky in 2000, 2003, 2005 respectively. Before Joining Oakland in 2007, he served as a lecturer at Kentucky and absolved training at Daimler Benz AG and at SIEMENS AG and is a member of ACM, AIAA, SAE and a senior member of IEEE. His research interests include unmanned systems, embedded systems design, fault-tolerance, and reconfigurable computing. His work is actively funded by the NSF, Chrysler, Ford, GM, and others, and is published in form of 65+ Journal and conference papers as well as 5 issued patents. Dr. Rawashdeh is a licensed Professional Engineer (PE) in the State of Michigan. (Web: <http://e2r.secs.oakland.edu>)
